

# Library Centennial Renovation Project

Furniture pictured may not be the same furniture that  
will be purchased

The Culver City Friends of the Library would like to thank all those who have come forward to get involved in the exciting Library Centennial Renovation Project. Whether you came to Menchies or wrote a check or just checked in to see what's going on, we appreciate your interest and support. We are pleased to say that the response from the community has been heartwarming, and the steady stream of donations has been gratifying. As of the middle of April, we have received \$8,000 in donations. We are optimistic that we will reach our goal and in the meantime, plans are progressing. In collaboration with the county library staff, we are finalizing floor plans and furniture choices and hope to have final plan information for you soon! In the meantime, keep the support coming, whether it's financial or moral. OUR library will have a great look as it enters its centennial celebration year!
